VINEYARDS

2014 MOUNTADAM VINEYARDS

Barossa Shiraz

Mountadam Vineyards are situated on a rocky escarpment at the highest elevated, south edge of the Barossa. The Mountadam Barossa Shiraz provides both flavour intensity and elegance.

Winemakers Note

On release the wine has a deep red colour with purple hue. The wine has aromas of red berries and plums, cracked pepper and subtle spiciness. The palate shows intense cherry flavour, with dark chocolate and subtle vanilla oak characters. The palate is elegant with firm long tannins and long persistence of flavour.

Harvest of the fruit commenced in late March 2014. The fruit was crushed to small stainless steel fermenters over a three week period. The juice was drained and returned to the tank daily to assist in extracting colour and flavour. The wine was matured for 12 months in old French barriques. Minimal fining and filtration was engaged in the production of this wine.
